Maximum:	144" U.I.	

## Standard Features & Benefits

- 1 Baked on polyester finish backed by a Lifetime Limited warranty.
- 2 Thermally broken sash and main frame reduces conduction of heat and cold.
- 3 ¾" *ComforTech*™ warm edge glazing system reduces heating and cooling bills.
- 4 Wrap around marine glazing seals glass firmly and makes replacement easy.
- 5 Barrier-fin-type weatherstripping reduces air and dust infiltration.
- 6 Interlocking meeting rails
- 7 Adjustable steel jamb shims
- 8 Fiberglass half screen
- 9 Extruded aluminum screen frame adds strength.
- 10 The sill's extra height and slope protects against water infiltration.
